**Molecular BioProducts® Introduces
384 Well Pipet Tips for Molecular Devices FLIPR Liberty**

San Diego, CA, July 2002, – Molecular BioProducts, Inc., a market-leading manufacturer of pipet tips for automated workstations, is pleased to announce the introduction of our newest tips: the FLIPR Liberty 384 well tips. These are the third in a series of 384 well tip launches by Molecular BioProducts.

Our Liberty 384 well tips will fit Molecular Devices FLIPR workstations with a 384 Liberty or “Type B” head. These tips are available as a clear 30ul tip in sterile, non-sterile and with MBP’s patented ART (Aerosol Resistant Tip) barrier technology. This is the only filter tip available for this workstation.

The MBP® BioRobotix™ brand of tips is the most comprehensive product line available for automated workstations on the market today.

For more information or to request a free sample, log into our web site at www.mbpinc.com or contact MBP at (800) 995-2787 or (858) 453-7551, by email at info@mbpinc.com.
